Printer compatibility can and does vary. It is the responsibility of the purchaser to determine compatibility. Sample rolls are available for such purpose. Although all data here is believed to be accurate, each user is advised to make their own determination as to whether the described product is appropriate for a particular application, use or print technology. Whether such a use will comply with all applicable laws or regulations and whether such use will not infringe the intellectual property rights of a third party is the responsibility of the user.

**Key:**

- 🔥 Excellent Choice. Optimized for specific technology listed.
- 💧 Good Choice. Testing prior to running is recommended.

\*Roll length listed represent target lengths. Actual roll lengths available may vary slightly. Check with Aurora Customer Service team for details.
