## Environmentally Responsible Manufacturing

Aurora has won numerous awards for our state-of-the-art manufacturing processes, which are engineered to reduce air pollution, water consumption, wastewater effluent, and our carbon footprint. Company-wide, we strive to improve the processes that make our world-class products without sacrificing a greener world. Aurora follows a stringent ISO 14001 environmental management system (EMS), designed to measure the environmental impact of our manufacturing operations, improve resource efficiency, reduce waste, manage environmental obligations with consistency and improve our overall environmental impact. In step with our commitment to sustainability, Aurora's signature Expressions products are manufactured without chlorine, and are solvent and PVC free. Only water-based coatings and finishes are used in Aurora's manufacturing processes.
